

Genomics england Research Conference

The power of 100,000 whole genomes, presented for the first time by clinical, academic and industry researchers.

Register now!

4th November 2019 at Central
Hall Westminster, London.

Register at bit.ly/GERC2019 or
by scanning the QR code
below!

Abstract Submission

Have you used 100,000 Genomes
Project data for your research?
Please submit your abstract for a
poster presentation or research
talk! **The deadline for abstract
submission is 9th September.**
Submit at: bit.ly/GERCAbstracts

Agenda

08:30

REGISTRATION

09:10–09:30

WELCOME ADDRESS

09:30–10:30

OPENING PLENARY

Professor David Goldstein

10:30–11:00

REFRESHMENT BREAK

11:00–12:30

Abstract talks from
academic and industry
researchers

PARALLEL SESSIONS

Collaborating on research:
academia and industry in
partnership

New technologies: how
to maximise the power
of the genome

12:30–13:30

LUNCH BREAK

13:30–14:30

PLENARY: ENGAGING WITH PATIENTS

100,000 Genomes Project participants

14:30–15:30

Abstract talks from
academic and industry
researchers

PARALLEL SESSIONS

Diagnostic discovery:
findings that give patients
answers

Precision clinical studies:
the future of treatment
development

15:30–16:00

REFRESHMENT BREAK

16:00–17:00

Abstract talks from
academic and industry
researchers

PARALLEL SESSIONS

Towards 5 Million
Genomes: the next great
challenge in genomics

Bioinformatics Clinic:
maximising the use of
Project data

17:05–17:50

CLOSING PLENARY & POSTER PRIZE

Professor Sir Mark Caulfield

17:50–19:30

DRINKS RECEPTION
